How many open cases are at my station?

Assistant: Mangaluru North PS

There are currently ****0 open cases**** at Mangaluru North Police Station.

How this answer was generated: Tool(s): sql_lookup · 15116ms · SQL: `SELECT COUNT(*) AS open_case_count FROM investigation_case AS ic JOIN officer AS o ON ic.lead_officer_id = o.id JOIN police_station AS ps ON o.police_station_id = ps.id WHERE ps.name = 'Mangaluru North Police Station' AND ic.status = 'OPEN'`

This report was generated from an AI-assisted conversation. Every query was automatically scoped to the requesting officer's role-based access level (station, district, or state-wide, per KSP Insight AI's RBAC policy). This export is also independently recorded in the system audit log.
